

RED ALERT: DECEPTION has been detected

Trigger passage: "Russian Defense Ministry fabricated evidence claiming Buk retreat video was shot in Ukrainian-controlled territory, not separatist Luhansk."

Explanation: The Russian Defense Ministry intentionally created false evidence to mislead investigators and the public about the location of the Buk missile launcher retreat, constituting deliberate deception.

RED ALERT: FALSIFICATION has been detected

Trigger passage: "Russian Defense Ministry fabricated flight path data suggesting Ukrainian air traffic controllers deliberately redirected MH17 into danger zone."

Explanation: The Russian Defense Ministry fabricated flight path data to falsely accuse Ukrainian air traffic controllers of redirecting MH17 into a danger zone, which is a clear case of falsifying data.

RED ALERT: FALSIFICATION has been detected

Trigger passage: "Independent radar experts proved Russian radar data showing Ukrainian fighter was fabricated and actually depicted MH17 wreckage falling."

Explanation: Russian radar data was fabricated to show a Ukrainian fighter jet, but experts proved it actually depicted MH17 wreckage falling, indicating deliberate falsification of radar evidence.

RED ALERT: FALSIFICATION has been detected

Trigger passage: "American scientific association determined Russian satellite imagery shadows didn't match claimed dates, proving deliberate fabrication."

Explanation: Russian satellite imagery was digitally altered or misrepresented with incorrect shadow data to support false claims, constituting falsification of satellite evidence.

RED ALERT: FALSIFICATION has been detected

Trigger passage: "Middlebury researchers using French defense software proved Russian satellite images actually showed May conditions, proving fabrication."

Explanation: Russian satellite images were presented as July imagery but actually showed May conditions, indicating deliberate falsification of temporal evidence.

RED ALERT: DECEPTION has been detected

Trigger passage: "Russian Defense Ministry fabricated timeline claiming Ukrainian Buks moved to launch site at physically impossible speed through hostile territory."

Explanation: The Russian Defense Ministry created a false timeline to accuse Ukrainian forces of moving Buk missile launchers impossibly quickly through hostile territory, constituting strategic deception.

RED ALERT: FALSIFICATION has been detected

Trigger passage: "Jeffrey Lewis team proved Russian MoD satellite images showed digitally inserted Buk launchers using forensic software analysis."

Explanation: Russian Ministry of Defense satellite images were digitally manipulated to insert Buk launchers that were not actually present, constituting falsification of imagery evidence.

RED ALERT: DECEPTION has been detected

Trigger passage: "Russian state television presented fake satellite image of fighter attacking MH17 that originated from internet forum post."

Explanation: Russian state television aired a fabricated satellite image claiming to show a fighter jet attacking MH17, which actually originated from an internet forum post, constituting deliberate deception.

RED ALERT: DECEPTION has been detected

Trigger passage: "Russian arms manufacturer lied about discontinuing 9M38M1 missiles while photographic evidence proved they remained in active Russian military service."

Explanation: The Russian arms manufacturer Almaz-Antey falsely claimed that 9M38M1 missiles were discontinued, despite photographic evidence showing they remained in active service, constituting deception.

RED ALERT: FALSIFICATION has been detected

Trigger passage: "Channel One Russia is Russian state-funded television channel that aired fabricated satellite image"

Explanation: Channel One Russia aired a fabricated satellite image as part of a disinformation campaign, constituting falsification of visual evidence.

RED ALERT: DECEPTION has been detected

Trigger passage: "TASS is Russian state news agency that spread fabricated satellite image story"

Explanation: TASS, a Russian state news agency, disseminated a fabricated satellite image story to mislead the public, constituting deliberate deception.

RED ALERT: BETRAYAL has been detected

Trigger passage: "Separatists launched a Buk antiaircraft missile from separatist-controlled territory, intending to hit a Ukrainian aircraft but instead hit a passenger jet."

Explanation: Separatists betrayed international norms and the trust of civilian aviation by launching a missile that mistakenly struck a civilian passenger jet, killing 298 innocent people.

RED ALERT: TRANSGRESSION has been detected

Trigger passage: "Separatists launched a Buk antiaircraft missile from separatist-controlled territory, intending to hit a Ukrainian aircraft but instead hit a passenger jet."

Explanation: The separatists committed a severe transgression by launching a missile that destroyed a civilian aircraft, violating laws of armed conflict and civilian protection norms.

RED ALERT: MURDER INTENT has been detected

Trigger passage: "Separatists launched a Buk antiaircraft missile from separatist-controlled territory, intending to hit a Ukrainian aircraft but instead hit a passenger jet."

Explanation: The separatists had the intent to kill when they launched the missile, even though their target was military; the intent to kill is present, and the result was the murder of 298 civilians.

RED ALERT: VIOLENCE has been detected

Trigger passage: "Separatists launched a Buk antiaircraft missile from separatist-controlled territory, intending to hit a Ukrainian aircraft but instead hit a passenger jet."

Explanation: The act of launching a missile at an aircraft, resulting in the destruction of MH17 and the deaths of 298 people, constitutes extreme violence.

RED ALERT: AGGRESSION has been detected

Trigger passage: "Russian Federation soldiers launched artillery attacks on Ukrainian positions near Amvrosiivka on July 16, 2014."

Explanation: Russian soldiers conducted aggressive military action by launching artillery attacks on Ukrainian positions, constituting armed aggression.

RED ALERT: AGGRESSION has been detected

Trigger passage: "Russian forces fired artillery from Seleznev, Russia, 750 meters from the Ukraine border."

Explanation: Russian forces fired artillery across the border into Ukraine, constituting cross-border armed aggression.

RED ALERT: AGGRESSION has been detected

Trigger passage: "Russian military conducted documented artillery attacks from Russia using Russian equipment and soldiers against Ukraine."

Explanation: The Russian military conducted armed attacks against Ukraine using its own soldiers and equipment, constituting state-level military aggression.

RED ALERT: TREASON has been detected

Trigger passage: "Russia provided a Buk-M1 anti-aircraft missile system to separatists to counter Ukrainian air offensives."

Explanation: Russia aided separatist forces by supplying advanced military equipment used to shoot down aircraft, constituting treasonous support against the sovereign state of Ukraine.

RED ALERT: ESPIONAGE ACT has been detected

Trigger passage: "Ukrainian intelligence intercepted communications proving Dubinsky coordinated Buk missile launcher movement through Donbas."

Explanation: Ukrainian intelligence intercepted communications, which falls under signals intelligence activity, and the broader context involves foreign military equipment deployment, implicating espionage-related actions.

RED ALERT: BETRAYAL has been detected

Trigger passage: "Evidence proves Russian 53rd Brigade's Buk 332 launched missile that destroyed MH17 from separatist-controlled territory."

Explanation: The Russian 53rd Brigade betrayed international trust and Ukraine's sovereignty by deploying a missile launcher that was used to destroy a civilian aircraft.

RED ALERT: USURPATION has been detected

Trigger passage: "Separatist-controlled territory is Area under separatist control"

Explanation: Separatists usurped legitimate Ukrainian governmental authority by taking control of territory through armed force.

RED ALERT: COERCION has been detected

Trigger passage: "Russian-led separatist forces destroyed bridges and blocked strategic roads to hinder Ukrainian advance on Donetsk."

Explanation: Separatist forces used coercion by destroying infrastructure to forcibly impede Ukrainian military movements and control territory.

RED ALERT: HUBRIS has been detected

Trigger passage: "Russian Defense Ministry fabricated timeline claiming Ukrainian Buks moved to launch site at physically impossible speed through hostile territory."

Explanation: The Russian Defense Ministry displayed hubris by presenting an implausible timeline, overestimating their ability to deceive investigators and the public with obviously false claims.

RED ALERT: ERROR DISPERSION has been detected

Trigger passage: "Ukrainian intelligence agency error in presenting outdated Buk 312 footage created false narrative about Ukrainian involvement."

Explanation: An error by Ukrainian intelligence in presenting outdated footage contributed to the spread of misinformation and false narratives about Ukrainian involvement, propagating inaccuracies.

RED ALERT: OMISSION has been detected

Trigger passage: "International journalists interviewed Zaroshchenske residents and found complete absence of witness testimony supporting Russian launch site claims."

Explanation: Russia omitted crucial witness testimony that contradicted their fabricated claims about a Ukrainian launch site, failing to disclose evidence that undermined their narrative.

RED ALERT: BLAME SHIFTING has been detected

Trigger passage: "Russian Federation created and promoted some counter-narratives about MH17, while others circulate only online."

Explanation: Russia engaged in blame shifting by creating and promoting counter-narratives to deflect responsibility from themselves and separatists onto Ukraine.

RED ALERT: DEFLECTION has been detected

Trigger passage: "Russian Federation created and promoted some counter-narratives about MH17, while others circulate only online."

Explanation: Russia used deflection by promoting alternative narratives to shift attention away from their own involvement and responsibility for the MH17 downing.

BLUE ALERT: RULING has been dispensed

Trigger passage: "DSB investigation proved MH17 maintained straight course and did not change path as falsely claimed by Russian Defense Ministry."

Explanation: The Dutch Safety Board (DSB) issued an authoritative determination that MH17 did not deviate from its flight path, debunking Russian claims.

BLUE ALERT: RESTITUTION has been dispensed

Trigger passage: "Bellingcat supplied Dutch investigators with detailed report on 53rd Brigade leadership involved in Buk 332 deployment to Ukraine."

Explanation: Bellingcat provided restitution by supplying detailed investigative reports to Dutch investigators, helping to restore truth and accountability by identifying those responsible.

BLUE ALERT: INTERCESSION has been dispensed

Trigger passage: "This report surveys freely available open-source information about the downing of MH17 for public access, analysis, and verification."

Explanation: The report serves as intercession by providing open-source information to the public and investigators, advocating for transparency and truth on behalf of the victims and international community.
